the

multidimensional

However, for a socialist country, placing the common ahead of the individual interest, the public interest also constitutes a phenomenological tool with which to limit copyright. The

This book  
Private Soft  
Conv  
considers the  
phenomenon of  
soft law  
employed by  
domestic public  
authorities.  
Lawyers have  
long understood  
that public  
authorities are  
able to issue  
certain

# Where To Download

Publications  
in a way that  
causes them to  
be treated like  
law, even though  
these are  
neither  
legislation nor  
subordinate  
legislation.  
Importantly for  
soft law as a  
regulatory tool,  
people tend to

# Where To Download

treat soft law  
as binding even  
though public  
authorities know  
that it is not.  
It follows that  
soft law's  
'binding'  
effects do not  
apply equally  
between the  
public authority  
and those to  
whom it is

directed.  
Consequently,  
soft law is both  
highly effective  
as a means of  
regulation, and  
inherently risky  
for those who  
are regulated by  
it. Rather than  
considering soft  
law as a form of  
regulation, this  
book examines

# Where To Download

the possible remedies when a public authority breaches its own soft law upon which people have relied, thereby suffering loss. It considers judicial review remedies, modes of compensation which are not
