1796 - sea battles raging and an attack from the French has left third-lieutenant Ramage the sole officer in charge of his frigate. With orders from Nelson to be obeyed young Ramage must rise to the challenge. This thrilling adventure is the first in Dudley Pope's popular and much-loved Ramage series.

Mutiny and rebellion are rife on board a British ship in the Caribbean. A young British naval officer is chosen to rescue the ship from its Spanish captors - yet this means almost certain death. Lord Ramage soon learns he must resort to almost any means. Will his skill prove a match for the strength of the Spanish attack?

It is February 1942 and the war in the Atlantic looks grim for the Allied convoys. The 'Great Blackout' has started, leaving the spy centre of Bletchley Park in Buckinghamshire at a loss as to what the Nazis are planning. Winning the Battle of the Atlantic will surely give Hitler a final victory. And who can stop him?

"Vividly detailed 19th-century settings and dramatic tension punctuated with flashes of wry humor make O'Brian's nautical adventure a splendid treat."—Publishers Weekly Jack Aubrey and Stephen Maturin are ordered home by dispatch vessel to bring the news of their latest victory to the government. But Maturin is a marked man for the havoc he has wrought in the French intelligence network in the New World, and the attention of two privateers soon becomes menacing. The chase that follows through the fogs and shallows of the Grand Banks is as tense, and as unexpected in its culmination, as anything Patrick O'Brian has written.

It is the 1650's and Spain considers the Caribbean to be its own private sea. Ned Yorke, a loyal Royalist living in Barbados has a small vessel and hunted by Roundheads and Spaniards is determined on freedom from tyranny. What transpires is a dramatic retelling of events surrounding the capture of Jamaica and the infamous raid on Santiago.

Ramage hopes to enjoy a well-deserved leave when he receives new orders: commission and take command of the Dido—a massive 74-gun ship, that carries enough weight of metal to destroy a frigate in a single broadside, or sweep a ship's decks clear of men. Accompanied by the courageous crew of the Calypso, Ramage ventures to sea once again—bound for the West Indies where he faces the challenge of commanding this massive weapon of war.

Lieutenant Lord Ramage, in command of the Triton brig, is escorting a convoy from Barbados to Jamaica, normally a routine and tedious chore. But this time Ramage has to be especially vigilant to guard the convoy's precious cargo—a family of important French refugees.

"Fine stuff...[The Letter of Marque] leaves the devotee of naval fiction eager for sequels."—Jonathan Yardley, Washington Post Book World Captain Jack Aubrey, a brilliant and experienced officer, has been struck off the list of post-captains for a crime he did not commit. His old friend Stephen Maturin, usually cast as a ship's surgeon to mask his discreet activities on behalf of British Intelligence, has bought for Aubrey his former ship the Surprise to command as a privateer, more politely termed a letter of marque. Together they sail on a desperate mission against the French, which, if successful, may redeem Aubrey from the private hell of his disgrace.

"One of the best novelists since Jane Austen....The Hundred Days may be the best installment yet....I give O'Brian's fans joy of it."—Philadelphia Inquirer Napoleon, escaped from Elba, pursues his enemies across Europe like a vengeful phoenix. If he can corner the British and Prussians before their Russian and Austrian allies arrive, his genius will lead the French armies to triumph at Waterloo. In the Balkans, preparing a thrust northwards into Central Europe to block the Russians and Austrians, a horde of Muslim mercenaries is gathering. They are inclined toward Napoleon because of his conversion to Islam during the Egyptian campaign, but they will not move without a shipment of gold ingots from Sheik Ibn Hazm which, according to British intelligence, is on its way via camel caravan to the coast of North Africa. It is this gold that Jack Aubrey and Stephen Maturin must at all costs intercept. The fate of Europe hinges on their desperate mission. "The Hundred Days is certain to delight O'Brian's fans, for whom happiness is an unending stream of Aubrey/Maturin books....[It] is a fine novel that stands proudly on the shelf with the others."—Los Angeles Times

The seventeenth novel in the best-selling Aubrey/Maturin series of naval tales, which the New York Times Book Review has described as "the best historical novels ever written." Having survived a long and desperate adventure in the Great South Sea, Captain Jack Aubrey and Stephen Maturin return to England to very different circumstances. For Jack it is a happy homecoming, at least initially, but for Stephen it is disastrous: his little daughter appears to be autistic, incapable of speech or contact, while his wife, Diana, unable to bear this situation, has disappeared, her house being looked after by the widowed Clarissa Oakes. Much of The Commodore takes place on land, in sitting rooms and in drafty castles, but the roar of the great guns is never far from our hearing. Aubrey and Maturin are sent on a bizarre decoy mission to the fever-ridden lagoons of the Gulf of Guinea to suppress the slave trade. But their ultimate destination is Ireland, where the French are mounting an invasion that will test Aubrey's seamanship and Maturin's resourcefulness as a secret intelligence agent. The subtle interweaving of these disparate themes is an achievement of pure storytelling by one of our greatest living novelists.
