This volume presents a selection of the best papers presented at the forty-first annual Conference on Computer Applications and Quantitative Methods in Archaeology. The theme for the conference was "Across Space and Time", and the papers explore a multitude of topics related to that concept, including databases, the semantic Web, geographical information systems, data collection and management, and more.

The author of Baja Fever shares his extensive knowledge of the peninsula, its colorful past and booming present, in this fascinating reference book. History, lore, and amazing stories make it a "must-have" for Bajaphiles as well as armchair travelers.

The Roman armies are conquering Britain: they have destroyed the Druid sanctuaries and savagely crushed Boudicca's revolt. In these desperate days, knowing his own death is imminent, the last Archdruid of Ynys Mon engenders a son. The boy's mission: to defeat the Roman invaders and preserve his father's heritage. But can he possibly survive long enough to achieve his goal?

Dew on the Thorn seeks to recreate the life of Texas Mexicans as Anglo culture was gradually encroaching upon them. Gonzalez provides us with a richly detailed portrait of South Texas, focusing on the cultural traditions of Texas Mexicans at a time when the divisions of class and race were pressing on the established way of life.

An essential guide to sustainable development for students and practitioners Sustainability is a global imperative and a scientific challenge like no other. This concise guide provides students and practitioners with a strategic framework for

linking knowledge with action in the pursuit of sustainable development, and serves as an invaluable companion to more narrowly focused courses dealing with sustainability in particular sectors such as energy, food, water, and housing, or in particular regions of the world. Written by leading experts, Pursuing Sustainability shows how more inclusive and interdisciplinary approaches and systems perspectives can help you achieve your sustainability objectives. It stresses the need for understanding how capital assets are linked to sustainability goals through the complex adaptive dynamics of social-environmental systems, how committed people can use governance processes to alter those dynamics, and how successful interventions can be shaped through collaborations among researchers and practitioners on the ground. The ideal textbook for undergraduate and graduate students and an invaluable resource for anyone working in this fast-growing field, Pursuing Sustainability also features case studies, a glossary, and suggestions for further reading. Provides a strategic framework for linking knowledge with action Draws on the latest cutting-edge science and practices Serves as the ideal companion text to more narrowly focused courses Utilizes interdisciplinary approaches and systems perspectives Illustrates concepts with a core set of case studies used throughout the book Written by world authorities on sustainability An online illustration package is available to professors

Help your students master the advanced word processing skills most important for career success! The 18th edition of ADVANCED WORD PROCESSING, LESSONS 56-110, merges the formatting emphasis of the previous Essentials series with the productivity tools from the Certified series for a text that meets the needs of students seeking expertise with Microsoft Word 2010. Each lesson is clearly focused, well structured, and designed to provide step-by-step training and reinforcement to help students quickly develop advanced skills. Based on customer feedback, this semester-based text includes 55 lessons in a one-book solution that includes both documents and software instructions within a space-saving easel-back format. Lessons 56-110 cover business correspondence, tables, reports, document design, mail merge, advanced graphics, meeting documents and collaboration, legal and medical documents, and employment documents. A separate, first-semester text is available with Lessons 1-55, and a single-volume complete course text includes both semesters, plus a set of supplemental lessons related to Microsoft Office Specialist certification. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

When a popular celebrity chef is found murdered on the steps of the Oslo police headquarters, police investigator Billy T. and long-absent Hanne Wilhelmsen team up for an investigation that reveals that few people really knew the victim or his mysterious activities.

When Angie Archer, her unpopular upstairs tenant, turns up drowned in the harbor, Isabel "Izzy" Chambers, owner of a knitting shop in the village of Sea Harbor, Massachusetts, and her friends, the Seaside Knitters, investigate the suspicious death.
