Resistance, Rebellion and Death: Essays, p.1. It was as much for the positive stand Albert Camus took on the issues of the day as for his creative writing—or rather it was for the combination of the two—that he was awarded the Nobel Prize in 1957 at the early age of forty-three. Because, in everything he wrote, he spoke to us of our problems and in our language, without raising his voice or indulging in oratory, he illuminated, as the Nobel citation stated, "the problems of the human ...

Resistance, Rebellion, and Death is a 1960 collection of essays written by Albert Camus and selected by the author prior to his death. REFLECTIONS ON THE GUILLOTINE (From the book Reflexions sur la peine Capitale, a... farmers, including the children) was condemned to death in Algiers.

In the speech he gave upon accepting the Nobel Prize for Literature in 1957, Albert Camus said that a writer "cannot serve today those who make history; he must serve those who are subject to it." And in these twenty-three political essays, he demonstrates his commitment to history's victims, from the fallen maquis of the French Resistance to the casualties of the Cold War. Resistance, Rebellion and Death displays Camus' rigorous moral intelligence addressing issues that range from colonial warfare in Algeria to the social cancer of capital punishment. But this stirring book is above all a reflection on the problem of freedom, and, as such, belongs in the same tradition as the works that gave Camus his reputation as the conscience of our century: The Stranger, The Rebel, and The Myth of Sisyphus.

The editorials of Camus reveal the development of his thought on the leading issues in France in the mid 1940s

Edited by Philip Thody, translated by Ellen Conroy Kennedy. "Here now, for the first time in a complete English translation, we have Camus' three little volumes of essays, plus a selection of his critical comments on literature and his own place in it. As might be expected, the main interest of these writings is that they illuminate new facets of his usual subject matter."--The New York Times Book Review "...a new single work for American readers that stands among the very finest."--The Nation

By one of the most profoundly influential thinkers of our century, The Rebel is a classic essay on revolution. For Albert Camus, the urge to revolt is one of the "essential dimensions" of human nature, manifested in man's timeless Promethean struggle against the conditions of his existence, as well as the popular uprisings against established orders throughout history. And yet, with an eye toward the French Revolution and its regicides and deicides, he shows how inevitably the course of revolution leads to tyranny. As old regimes throughout the world collapse, The Rebel resonates as an ardent, eloquent, and supremely rational voice of conscience for our tumultuous times. Translated from the French by Anthony Bower.

Often marginalised on the sidelines of both philosophy and literature, the works of Albert Camus have, in recent years,

undergone a renaissance. While most readers in either discipline claim Camus and his works to be 'theirs', the scholars presented in this volume tend to see him and his works in both philosophy and literature. This volume is a collection of critical essays by an international menagerie of Camus experts who, despite their interpretive differences, see Camus through both lenses. For them, he is a novelist/essayist who embodies a philosophy that was never fully developed due to his brief life. The essays here examine Camus's first published novel, *The Stranger*, from a variety of critical and theoretical perspectives, each drawing on the author's knowledge to present the first known critical examination in English. As such, this volume will shed new light on previous scholarship.

More than 50 years after independence, *Algerian Chronicles*, with its prescient analysis of the dead end of terrorism, appears here in English for the first time. Published in France in 1958—the year the war caused the collapse of the Fourth French Republic—it is one of Albert Camus' most political works: an exploration of his commitment to Algeria.

In his first novel, *A Happy Death*, written when he was in his early twenties and retrieved from his private papers following his death in 1960, Albert Camus laid the foundation for *The Stranger*, focusing in both works on an Algerian clerk who kills a man in cold blood. But he also revealed himself to an extent that he never would in his later fiction. For if *A Happy Death* is the study of a rule-bound being shattering the fetters of his existence, it is also a remarkably candid portrait of its author as a young man. As the novel follows the protagonist, Patrice Mersault, to his victim's house -- and then, fleeing, in a journey that takes him through stages of exile, hedonism, privation, and death -it gives us a glimpse into the imagination of one of the great writers of the twentieth century. For here is the young Camus himself, in love with the sea and sun, enraptured by women yet disdainful of romantic love, and already formulating the philosophy of action and moral responsibility that would make him central to the thought of our time. Translated from the French by Richard Howard

The Nobel Prize winner's most influential and enduring political writings, newly curated and introduced by acclaimed Camus scholar Alice Kaplan. Albert Camus (1913-1960) is unsurpassed among writers for a body of work that animates the wonder and absurdity of existence. *Committed Writings* brings together, for the first time, thematically-linked essays from across Camus's writing career that reflect the scope of his political thought. This pivotal collection embodies Camus's radical and unwavering commitment to upholding human rights, resisting fascism, and creating art in the service of justice.

These fifteen essays explore the rich texture of women's diaries written in America and Europe over the past two centuries. The authors use a variety of critical methodologies to examine the diary as a text, as a form of women's self-inscription, as a window to the diarists' historical and contemporary lives, and as a theoretical tool that allows us to question longstanding assumptions. -- From product description.

"To create today means to create dangerously. Every publication is a deliberate act, and that act makes us vulnerable to the passions of a century that forgives nothing." In 1957, Nobel Prize-winning philosopher Albert Camus gave a speech entitled "Create Dangerously," effectively a call to arms for artists, in particular those who came from an immigrant background, like he did. Camus understood the necessity of those making art as a part of civil society. A bold cry for artistic freedom and responsibility, his words today remain as timely as ever. In this new translation, Camus's message, available as a stand-alone little book for the first time, will resonate with a new generation of writers and artists.
