I was trying to write my owe curriculum for the "D" Licenses Unarmed Security Guard , I checked out other training school in state and out of state to see if I could find a curriculum and make some changes to it to fit me, no luck. I was up to 408 page 140,000 words and still had more to do, and I was worried about the curriculum being approved.

A comprehensive and user-friendly study guide that contains the required training curriculum to apply for a Texas Commissioned Security Officer License. Handgun Safety Training Corporation (Firearms/Defensive Tactics Training Academy), an industry leader in professional self-defense training since 1995, developed this study guide to effectively deliver "Level 3 Commissioned Security Officer Training" required by the State of Texas.

"This ... manual was developed to meet the most stringent standard. It represents over 24-60 hours of study materials. It also includes a legal section that discusses uniform requirements, levels of crime from simple assault to trespassing to felonies, to the use of deadly force ... [T]his manual is used every day in over 20 state-licensed training centers to train pupils around the US"--Page 4 of cover.

Hospital and Healthcare Security, Fourth edition, is a complete resource for healthcare protection planning and programming. The book offers thorough and fully updated coverage of the primary health and security issues hospitals and healthcare agencies face including infant protection and security, animal and research laboratory security, hospital watch programs, and the relationship between hospital security and law enforcement. Written primarily for use by the healthcare protection administrator, it also serves as a reference for any hospital security officer, supervisor or administrator. This book presents a complex and diverse security focus in a readable and understandable format. Covers the latest security guidelines for adherence to the Joint Commission on Accreditation of Healthcare Organizations. Updated edition includes information for all forms of health care service including: assisted living, home care, skilled care, acute care, and outpatient services for local, state, and federal facilities. Contains all the information needed to start and run a fully-operational health care security department.

Terrorist or criminal attack, fire emergency, civil or geographic disruption, or major electrical failure—recent years have witnessed an increase in the number of natural disasters and man-made events that have threatened the livelihoods of businesses and organizations worldwide. Security Manager's Guide to Disasters: Managing Through Emergencies, Violence, and Other Workplace Threats examines the most significant emergencies that may confront the security manager and provides comprehensive guidance on how to prepare for a potential crisis, what to do in the event of one, and how to mitigate the effects. Explores the Range of Disasters That Can Jeopardize Any Organization The author discusses all types of disasters, covering a range of major occurrences that could threaten or harm any business or institutional entity. These include terrorism, industrial espionage and sabotage, workplace violence, strikes, natural disasters, fires, medical emergencies—the topics run the gamut of events that security directors, loss prevention professionals, and risk managers may confront in the course of their duties. Guidance Spans from Before an Event Occurs to Its Aftermath The book provides strategies for preventing or reducing the severity of an incident and initiating immediate and professional responses to reduce the loss of life, injuries, property damage, and liability. It also provides instruction on adequate interaction and cooperation with public safety agencies, local government, and other public and private utility services. By focusing on response, recovery, and restoration, this essential reference lays out a system for placing the business or institution back into operation as soon as possible.
