"Business owner of successful consulting company presents a pragmatic approach to spiritual development by indentifying twenty-one measurable spiritual intelligence skills described in faith-neutral terms. Author relates her coaching work with businesspeople, spiritual and religious leaders, coaches, and educators to validate the SQ21 spiritual intelligence assessment instrument she pioneered for people to understand and increase their spiritual intelligence"--Provided by publisher.

The key to teaching business ethics successfully, says Sims, is to start with clear goals and a sensible expectation of outcomes, and with a true knowledge and appreciation of how people actually learn. Proceeding with the conviction that open communications between teacher and student before, during, and after the teaching experience is vital, Sims identifies key teaching processes, gives practical advice on designing and planning the curriculum, and offers guidance on how to develop a climate conducive to effective learning. He also emphasizes learning styles and experiential learning theory as cornerstones of teaching business ethics, an approach unlike any in the literature. An important guide for those who are new

to teaching this essential subject, Sims' book will also help more experienced teachers who wonder why their own methods do not always work, or do not work as well as they think they should.

“Mornings with Mailer is a tender and affectionate view of the protean author at the end of the Big Novel that was his life. Dwayne Raymond’s book offers a uniquely intimate perspective on one of our literary giants. Applause.” — Tom Piazza, author of *City of Refuge* “In this moving memoir, Dwayne Raymond provides an intimate look at the daily routine of a great writer in the last years of his life.” — Doris Kearns Goodwin, Pulitzer Prize-winning author of *Team of Rivals* *Mornings with Mailer* is the revealing memoir by Dwayne Raymond, the man who worked as Norman Mailer’s personal assistant during the last five years of the iconic author’s life. Recasting the legendary writer of such classics as *The Naked and the Dead* and *The Executioner’s Song* in a new light, *Mornings with Mailer* describes the powerful bond that formed between him and Raymond from April 2003 until Mailer’s death in November 2007.

A sexy category romance from Entangled's Brazen imprint... He wants just one night... After growing up with an abusive, alcoholic father, Army Special Forces Sgt. Brady Scott vowed never to marry or have kids. Sent stateside to get his head on straight—and his anger in check—Brady's looking for a distraction. He finds it in his beautiful new neighbor's one-night-only offer for hot sex, but her ability to make him forget is addictive. Suddenly, Brady's not so sure he can stay away. ...what they need is each other. Orphaned as a child, community center director Joss Daniels swore she'd never put herself in a position to be left behind again, but she can't deny herself one sizzling night with the sexy soldier who makes her laugh and kisses her senseless. When Joss discovers she's pregnant, Brady's rejection leaves her feeling abandoned. Now, they must overcome their fears before they lose the love and security they've found in each other, but can they let go of the past to create a future together?

Enduring friendships and long-held vendettas come alive against the splendor and decadence of eighteenth-century Venice. In 1775 Venice--known to outsiders as “the brothel of Europe”--the tradition of mask-wearing has allowed adultery and debauchery to flourish. But Marietta and Elena, two friends at the Ospedale della Pietà, a world-famous orphanage and music school for girls, know little of that milieu--until they come of age. Elena is forced to wed the head of the Celano clan, a jealous, brutal man, while Marietta marries Domenico Torrisi, whose family vendetta with the Celanos is centuries old. Tradition dictates that the friends should never speak again, but their bond is too strong to break. As the French Revolution unsettles all of Europe, Elena’s husband frames Domenico and he becomes a political prisoner. Marietta and Elena plot to save him, and the women discover that Venetian masks have noble purposes, too--but will their efforts put their own lives at risk? Embodying the glitter and the treachery of the city it portrays, *The Venetian Mask* will keep you turning pages long into the night.

ARE YOU READY FOR AN AMAZING NEW VERSION OF THE PHOTOSHOP BOOK THAT BREAKS ALL THE RULES? Scott Kelby, the best-selling Photoshop author in the world today, once again takes this book to a whole new level as he uncovers the latest, most important, and most exciting new Adobe Photoshop CS4 techniques

for digital photographers. This major update to his award-winning, record-breaking book does something for digital photographers that's never been done before—it cuts through the bull and shows you exactly “how to do it.” It's not a bunch of theory; it doesn't challenge you to come up with your own settings or figure it out on your own. Instead, Scott shows you step-by-step the exact techniques used by today's cutting-edge digital photographers, and best of all, he shows you flat-out exactly which settings to use, when to use them, and why. That's why the previous editions of this book are widely used as the official study guide in photography courses at colleges and universities around the world. LEARN HOW THE PROS DO IT Each year Scott trains thousands of professional photographers how to use Photoshop, and almost without exception they have the same questions, the same problems, and the same challenges—and that's exactly what he covers in this book. You'll learn:

- The sharpening techniques the pros really use.
- The pros' tricks for fixing the most common digital photo problems fast!
- The step-by-step setup for getting what comes out of your printer to match exactly what you see onscreen.
- A whole chapter on how to process HDR (High Dynamic Range) images.
- How to master new CS4 interface and workflow features.
- How to color correct any photo without breaking a sweat.
- How to process RAW digital camera images (plus how to take advantage of all the new Camera Raw features in CS4!).
- How to add real automation to your work.
- How to show your work like a pro!
- A host of shortcuts, workarounds, and slick “insider” tricks to send your productivity through the roof!

Plus, Scott included a special bonus chapter with his own CS4 workflow, from start to finish. If you're a digital photographer, and you're ready to learn the “tricks of the trade”—the same ones that today's leading pros use to correct, edit, sharpen, retouch, and present their work—then you're holding the book that will do just that.

The Choreography of Antony Tudor: Focus on Four Ballets presents both an analytical overview of the ballets created for the stage by Antony Tudor and an in-depth critical analysis of four key works: Jardin aux Lilas (1936), Dark Elegies (1937), Pillar of Fire (1942), and The Leaves Are Fading (1975). Tudor was a British choreographer who spent a large part of his working life in the United States, and although he was not prolific in his output, his works include several masterpieces of twentieth-century ballet repertoire. Characteristic of his work is an exceptionally creative and sensitive relationship of choreography with music, a relationship different from that developed by his equally musical contemporary, George Balanchine, in that it privileges subtle layers of dramatic, often psychological, exposition as well as complex mythmical structures. Tudor's ballets invariably involve a psychological human dimension, even when there is no story as such, and it is these two strands - the musical and the dramatic - that the choreographer exploits with consummate skill in the best of his work.

A divorcee. A single mother. That's what I've become after divorcing my husband, the man I thought was the love of my life, after he cheated on me with my best friend. I was devastated and heart-broken, but nothing could deter me from starting a new chapter in my life with a clean slate. Then he came into my life with all the beauty and sex appeal a man could have-my next-door neighbor. He chased me, used all his carnal charm to seduce me, and made me beg for a taste of heaven only he could give me, and finally turned me into something I never

a century of remarkable scientific discovery "We learned that the continents are forever slipping and sliding around the globe, like clothing on a teenager, and the mountains are forever rising, the oceans widening, the volcanoes stoking their furnaces for the next blast. " "Our bodies are a fever of change as our minds perpetually rewire themselves and our genes make uncountable decisions, renewing or growing or misfiring to produce the runaway cancers that may kill us, initiating the instability of mortal decay. . . . " "Within tiny atomic universes, particles pop in and out of being, impossible as that may be to conceive, while atoms collide and meld, buzzing continually in their electrically charged states. " "This, then, was the truth behind many of the defining discoveries of the twentieth century: existence is constant activity." -from the Preface
