Spanish 1 - Mrs. Seery's Profile

When Ruben, who longs to have a bike like his friend Sergios that his family cannot afford, finds money in a grocery store, he has to make a tough decision about what to do with it.

Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances-because Mama's life, and her own, depend on it.

Author biography, chapter summaries, discussion questions, vocabulary builders, reproducibles, cross-curricular activities for students of all learning styles for the novel Shiloh by Phyllis Reynolds Naylor.

"Mindshift reveals how we can overcome stereotypes and preconceived ideas about what is possible for us to learn and become. At a time when we are constantly being asked to retrain and reinvent ourselves to adapt to new technologies and changing industries, this book shows us how we can uncover and develop talents we didn't realize we had--no matter what our age or background. Drawing on the latest neuroscientific insights, Dr. Oakley shepherds us past simplistic ideas of "aptitude" and "ability," which provide only a snapshot of who we are now. Even seemingly "bad" traits, such as a poor memory, come with hidden advantages--like increased creativity. Dr. Oakley teaches us strategies for learning that are backed by neuroscience so that we can realize the joy and benefits of a learning lifestyle."--

Finally, Grieve focuses on the misogynistic elements of the story and asks why the fall of Spain is figured as a cautionary tale about a woman’s sexuality.

Spanish 1 - Mrs. Seery's Profile

Winner of the Newbery Medal and the National Book Award! This #1 New York Times bestselling, modern classic in which boys are forced to dig holes day in and day out is now available with a splashy new look. Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment--and redemption. Includes a double bonus: an excerpt from Small Steps, the follow-up to Holes, as well as an excerpt from Louis Sachar's new middle-grade novel, Fuzzy Mud. "A smart jigsaw puzzle of a novel." --The New York Times WINNER OF THE BOSTON GLOBE-HORN BOOK AWARD A NEW YORK TIMES BOOK REVIEW NOTABLE CHILDREN'S BOOK SELECTED FOR NUMEROUS BEST BOOK OF THE YEAR AND ALA HONORS

Presents an introduction to the Solar System and the physical features of the eight planets that revolve around the Sun, in a text that includes learning activities.

After exploring his ocean home and seeing many different types of sea life, a young fish named Adri talks to his parents and learns that differences make the world colorful and beautiful.

As a former Buddhist monk with over 10 years of teaching experience, Andy Puddicombe has been acknowledged as the UK's foremost mindfulness meditation expert. Like his readers and students, he began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine-proving that just 10 minutes a day can make a world of difference. Simple exercises, stories and techniques culled from Andy's years of experience will help anyone calm the chatter in their minds. The result? More headspace, less stress. Get Some Headspace also brings us the extraordinary science behind this seemingly simple cure-all. This book and practice will help readers positively impact every area of their physical and mental health through mindfulness, from productivity and focus, to stress and anxiety relief, sleep, weight-loss, personal relationships...and the list goes on and on.
