builder and repairer. It is a subject covered only in piecemeal fashion by the yachting press, which, like general boat repair manuals, can't go into the level of detail Mike Westin does. This is a visual, hand-holding guide, dwelling on the practical details of replacing a boat's engine and related systems as it explains each procedure rather than focussing on the theory (which is relegated to an appendix, for those who wish to go further). Anyone who wishes to upgrade their boat's engine or replace an ailing or broken engine will find this step-by-step illustrated book a hand-holding godsend.
