For courses in American Government Examine how American democracy is developing Revel(TM) The Struggle for Democracy gives students the tools they need to decode the American political system, analyze its pieces, consider its linkages, and identify opportunities to make a difference. Taking a fresh approach to common American government topics, authors Edward Greenberg and Benjamin Page present a simple but powerful framework of evidence-based research to guide students to discover how government, politics, and the larger society are intertwined. Prompting students to make critical judgments about how well our government works, the authors pose the questions "How democratic are we?" and "Can government do anything well?" The 2018 Elections and Updates Edition offers new narrative coverage of the major issues from today's headlines including the 2018 midterm elections, recent policy under the Trump administration, and the nomination of Brett Kavanaugh to the Supreme Court. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Updated in a new 10th edition, The Struggle for Democracy challenges students to think critically about American government and to evaluate the quality of democracy in America within a unique framework that offers a holistic view of our system. Its critical thinking approach to politics, features, and narrative are designed to teach students to look closely and question logically about the American political process.

For courses in American Government Examine how American democracy is developing Revel(TM) The Struggle for Democracy gives students the tools they need to decode the American political system, analyze its pieces, consider its linkages, and identify opportunities to make a difference. Looks at the attitudes and the emerging power of the Millennial Generation in the United States.

For today's busy student, we've created a new line of highly portable books at affordable prices. Each title in the Books a la Carte Plus program features the exact same content from our traditional textbook in a convenient notebook-ready, loose-leaf version - allowing students to take only what they need to class. As an added bonus, each Books a la Carte Plus edition is accompanied by an access code to all of the resources found in one of our best-selling multimedia products. Best of all? Our Books a la Carte Plus titles cost less than a used textbook! This critical thinking approach to American government challenges students to evaluate the quality of democracy in America today within a unique framework that offers a holistic view of our system. This unique text challenges students to think critically about American government and politics through the use of two compelling organizational themes. The first theme, Using the Democracy Standard, asks students to evaluate the health and vitality of American democracy today against a democratic ideal that is carefully defined in the first chapter, and revisited at the beginning and end of each subsequent chapter. The text's second theme, Using the Framework, offers students a tool for examining the political process at a variety of levels—from structural factors to political linkages, government institutions, and government policies—to help them consider how the interactions of these factors affect what government does (or doesn't) do. Both themes are revisited in each chapter, as well as woven throughout the narrative, and highlighted in new marginal critical thinking questions that challenge students to consider the impact of governmental policies and processes on democracy, and vice-versa. The ninth edition of this best-selling text will be updated throughout with the results of the 2008 Presidential and Congressional election results and the latest political issues and events, as well as deeper discussions of social and economic policy and political parties and participation.

This critical thinking approach to American government challenges students to evaluate the quality of democracy in America today within a unique framework that offers a holistic view of our system. This unique text challenges students to think critically about American government and politics through the use of two compelling organizational themes. The first theme, “Using the Democracy Standard,” asks students to evaluate the health and vitality of American democracy today against a democratic ideal that is carefully defined in the first chapter, and revisited at the beginning and end of each subsequent chapter. The text's second theme, “Using the Framework,” offers students a tool for examining the political process at a variety of levels—from structural factors to political linkages, government institutions, and government policies—to help them consider how the interactions of these factors affect what government does (or doesn’t) do. Both themes are revisited in each chapter, as well as woven throughout the narrative, and highlighted in new marginal critical thinking questions that challenge students to consider the impact of governmental policies and processes on democracy, and vice-versa.
