They inhabited sparsely populated areas and islands in the lower Dnieper, [date missing] Don, Terek, and Ural River basins and played an important role in the ...**

### Cossacks - Wikipedia

Cossack, Russian Kazak, (from Turkic kazak, “adventurer” or “free man”), member of a people dwelling in the northern hinterlands of the Black and Caspian seas. They had a tradition of independence and finally received privileges from the Russian government in return for military services.

### Cossack | Definition, History, & Facts | Britannica

Cossacks and their quasi-states such as the Zaporozhian Sich are considered to be responsible for nation-forming processes leading to the establishment of modern Ukrainian nation. However some Turkologists argue that Cumania 's Cossacks are descendants of Kipchaks, who partly originated near the Chinese borders and soon moved to Western Siberia.

### History of the Cossacks - Wikipedia

Leo Tolstoy 's The Cossacks is a roughly autobiographical novella about the author's stay in a Cossack town fronting Chechnya. Dimitri Olenin is a wealthy young cadet officer who falls in love with the

## **How Churchill Betrayed the Cossacks | The National Interest**

Historically, the Cossacks to whom Pastan refers were groups of mercenaries who lived along the Russian border. Cossacks first appeared as a people in the fifteenth century, in the form of loosely organized, but related communities.

A short novel by famous Russian writer Leo Tolstoy, 'The Cossacks' was first published in parts in a literary magazine The Russian Messenger. The novel is believed to be written by the uathor to pay his debts after having lost badly in cards.

In 1851, at the age of twenty-two, Tolstoy joined the Russian army and travelled to the Caucasus as a soldier. The four years that followed were among the most significant in his life, and deeply influenced the stories collected here. Begun in 1852 but unfinished for a decade, The Cossacks describes the experiences of Olenin, a young cultured Russian who comes to despise civilization after spending time with the wild Cossack people. Sevastopol Sketches, based on Tolstoy's own experiences of the siege of Sevastopol in 1854-55, is a compelling consideration of the nature of war, while Hadji Murat, written towards the end of his life, returns to the Caucasus of Tolstoy's youth to explore the life of a great leader torn apart by a conflict of loyalties. Written at the end of the nineteenth century, it is amongst the last and greatest of Tolstoy's shorter works.

This book covers 500 years of the history of the Cossacks -- the recklessly brave, wild horsemen, or the romantic hero of the steppe, or the brutal mounted policemen, as they have been remembered throughout history. A lucid and engaging book that conveys the passion, exuberance and tragedy of these extraordinary people, it will be enjoyed by students, scholars and general readers interested in Russian history.

\*Includes pictures \*Includes footnotes, online resources and a bibliography for further reading \*Includes a table of contents "Had I just 10,000 Cossacks, I would have conquered the whole world." - Napoleon Bonaparte "Save us Lord, from Cossacks." - Sir Wilson, reporting the prayers of conquered Germans (1813) The modern myth of the Cossack presents striking images of a stern warrior mounted on horseback, with a long woolen coat, papakha (distinctive tall fur cap ) and fur-lined cloak, with

## Get Free The Cossacks

bandoliers holding large-caliber bullets crisscrossing his chest. The warrior is armed with a mixture of rifle, lance, daggers and pistols, but he always has his signature weapons: the shashka (a single-edged, guard-less, slightly curved saber originally designed by the Circassian foes) and the nagyka (short, thick whip of braided leather with a heavy weight worked into the end originally designed for fighting off wolves but more commonly used in later years against enemies of the state in the streets of Moscow or Odessa). As enemies conjured up the Cossack as semi-tamed steppe barbarian, a dog of the state, and the fist of the Czar, it's no surprise they were terrified. Even as the origins of these ferocious fighters remain murky and obscure, the Cossacks have continued their growing international appearance with the outbreak of the Russian-Ukrainian conflict in 2014. The conflict over the Crimea and the southeastern Donbass region has had thoroughly Cossack overtones; on the one hand, the Ukrainian Nationalists view themselves as the descendants of the freedom minded Cossack Republics and on the other hand, Russia has leaned heavily upon Cossack "volunteers" to staff its informal militias in the Donbass and to seize and police Crimea. The Cossacks in Luhansk (southeastern Ukraine) and Crimea had been swearing loyalty to Russia since the 1990s and were enthusiastic supporters of the Russian campaign. *The Cossacks: The History and Legacy of the Legendary Slavic Warriors* traces the history of the Cossacks over the centuries. Along with pictures of important people, places, and events, you will learn about the Cossacks like never before, in no time at all.

A panoramic view of Cossack history from the 15th to the 20th centuries begins with an exploration of the Cossacks' complex origins, describes their role as border guards and their frontier way of life, chronicles struggles with Turks and Tatars, and traces their loss of collective identity.

In the years following the Napoleonic Wars, a mysterious manuscript began to circulate among the dissatisfied noble elite of the Russian Empire. Entitled *The History of the Rus'*, it became one of the most influential historical texts of the modern era. Attributed to an eighteenth-century Orthodox archbishop, it described the heroic struggles of the Ukrainian Cossacks. Alexander Pushkin read the book as a manifestation of Russian national spirit, but Taras Shevchenko interpreted it as a quest for Ukrainian national liberation, and it would inspire thousands of Ukrainians to fight for the freedom of their homeland. Serhii Plokyh tells the fascinating story of the text's discovery and dissemination, unravelling the mystery of its authorship and tracing its subsequent impact on Russian and Ukrainian historical and literary imagination. In so doing he brilliantly illuminates the relationship between history, myth, empire and nationhood from Napoleonic times to the fall of the Soviet Union.

The Russian novelist and moral philosopher Leo Tolstoy (1828-1910) ranks as one of the world's great writers, and his *'War and Peace'* has been called the greatest novel ever written. But during his long lifetime, Tolstoy also wrote enough shorter works to fill many volumes. The message in all his stories is presented with such humour that the reader hardly realises that it is strongly didactic. These stories give a snapshot of Russia and its people in the late nineteenth century.

Brings to life the many adventures and exploits of the great warriors from the steppes of Asia known as the Cossacks.

This interesting and informative book presents a picture of warriors quite different from today's flyover heroes and values diametrically opposed to the 'didn't inhale' crowd. Mr Feodoroff, a Cossack himself, offers us a detailed history of his people, including their politics, military afflictions, culture, ideology and philosophy, as well as their typical personality characteristics. A picture emerges quite at variance with the image projected by the media in the West. We are presented with rare illustrations and descriptions of a lifestyle filled with adventure and faith.
