Feeling restless in spite of her accomplishments and imminent marriage, Trudy is ostracized by her late nineteenth-century Milwaukee community when she falls in love with an enigmatic man and relocates to a California lighthouse.

Deftly written and emotionally powerful, Drowning Ruth is a stunning portrait of the ties that bind sisters together and the forces that tear them apart, of the dangers of keeping secrets and the explosive repercussions when they are exposed. A mesmerizing and achingly beautiful debut. Winter, 1919. Amanda Starkey spends her days nursing soldiers wounded in the Great War. Finding herself suddenly overwhelmed, she flees Milwaukee and retreats to her family's farm on Nagawaukee Lake, seeking comfort with her younger sister, Mathilda, and three-year-old niece, Ruth. But very soon, Amanda comes to see that her old home is no refuge--she has carried her troubles with her. On one terrible night almost a year later, Amanda loses nearly everything that is dearest to her when her sister mysteriously disappears and is later found drowned beneath the ice that covers the lake. When Mathilda's husband comes home from the war, wounded and troubled himself, he finds that Amanda has taken charge of Ruth and the farm, assuming her responsibility with a frightening intensity. Wry and guarded, Amanda tells the story of her family in careful doses, as anxious to hide from herself as from us the secrets of her own past and of that night. Ruth, haunted by her own memory of that fateful night, grows up under the watchful eye of her prickly and possessive aunt and gradually becomes aware of the odd events of her childhood. As she tells her own story with increasing clarity, she reveals the mounting toll that her aunt's secrets exact from her family and everyone around her, until the heartrending truth is uncovered. Guiding us through the lives of the Starkey women, Christina Schwarz's first novel shows her compassion and a unique understanding of the American landscape and the people who live on it.

Trudy, a youngwoman from a well-off family, has chosen to defy her parents by rejecting the respectable young man she was to marry for Oskar, an ambitious adventurer whom she follows to California. But Point Lucia, where Oskar has taken a job as lighthouse keeper, is a forbidding place that is eerily isolated-and almost as strange as the Crawleys, a family whose plain appearance belies their true natures.

"Absorbing...poignant, often heartbreaking...Schwarz is a vivid storyteller." -The New York Times Book Review The #1 New York Times bestselling author of Drowning Ruth vividly evokes the perennially fascinating true crime love affair of Bonnie and Clyde in this suspenseful, gorgeously detailed fictional portrait of Bonnie Parker, one of America's most enigmatic women. Born in a small town in the desolate reaches of western Texas and shaped by her girlhood in an industrial wasteland on the outskirts of Dallas, Bonnie Parker was a natural performer and a star student. She dreamed of being a movie star or a singer or a poet. But her dramatic nature, contorted by her limited opportunities and her overwhelming love for Clyde Barrow, pushed her into a course from which there was no escape but death. Infusing the psychological acuity of literary fiction with the relentless pacing of a thriller, Bonnie follows Bonnie from her bright, promising youth to her final month of shoot-outs, kidnappings, and desperate car chases through America's hinterland in the grip of the Great Depression, as the noose of the law tightened around her. Enriched by Christina Schwarz's extensive research in the footsteps of Bonnie and Clyde and written with her powerful sense of place and time, Bonnie is a plaintive and page-turning account of a woman destroyed by a lethal combination of longing and love.

Is it possible to be in love with two women at the same time? This is a question Jon has been asking himself frequently these days. He's loved his wife Ginny since the days when a chance encounter in the halls of their high school would leave him unable to speak. But recently Jon has found himself bewitched by Freddi, his colleague at the ad agency, where late-night brainstorming sessions devolve into giggles and sexual attraction. As Jon's guilt becomes all-consuming and Ginny inches closer discovery, a secret kept for thirty years threatens any hope of salvation. Weaving together past and present in a small Midwestern town, Schwarz beautifully conjures the emotional labyrinth of a marriage on the brink of collapse, and a history of love and revenge.

Edge of the Map is equal parts inspiring, dramatic, and heartbreaking. One of America's greatest high altitude mountaineers, Christine Boskoff was at the top of her career when she and her partner died in an avalanche in 2006. Charismatic, principled, and humble, Boskoff was also a deeply loved role model to her climbing partners and the Sherpa community. Edge of the Map traces the sharp twists and turns in Boskoff's life, from her early years as a Lockheed engineer, through her first successes in the climbing world, to her purchase of Seattle-based Mountain Madness after owner and climber Scott Fischer died in the 1996 Everest disaster. Her life was one of constant achievement mixed with personal tragedy. The story follows Boskoff as she perseveres and moves on to even bigger peaks, earning acclaim as a world-class mountaineer, then later as she finds an alpine partnership with legendary Colorado climber Charlie Fowler.
