From the former secretary of defense, a strikingly candid, vivid account of serving Presidents George W. Bush and Barack Obama during the wars in Iraq and Afghanistan. When Robert M. Gates received a call from the White House, he thought he'd long left Washington politics behind: After working for six presidents in both the CIA and the

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

States Army David Cloud, he was happily serving as president of Texas A&M University. But when he was asked to help a nation mired in two wars and to aid the troops doing the fighting, he answered what he felt was the call of duty.

Arriving to visit his son in a heavily Palestinian area of Bay Ridge, Brooklyn, Omar Yusef discovers the beheaded body of one of the boy's roommates; and when his son is arrested as a suspect, Omar must prove his innocence. By the author of *Fratricide*.

the most treasured in your library.

A PRESIDENTIAL DYNASTY. AN ARAB TERRORIST ATTACK. DEMOCRACY UNDER SIEGE. Mario Puzo envisioned it all in his eerily prescient 1991 novel, *The Fourth K*. President Francis Xavier Kennedy is elected to office, in large part, thanks to the legacy of his forebears—good looks, privilege, wealth—and is the very embodiment of youthful optimism. Too soon, however, he is beaten down by the political process and, disabused of his ideals, he becomes a leader totally unlike what he has been before. When his daughter becomes a pawn

NATIONAL BESTSELLER • “A startling vision of what the cycles of history predict for the future.”—USA Weekend William Strauss and Neil Howe will change the way you see the world—and your place in it. With blazing originality, *The Fourth Turning* illuminates the past, explains the present, and reimagines the future. Most remarkably, it offers an utterly persuasive prophecy about how America’s past will predict its future. Strauss and Howe base this vision on a provocative theory of American history. The authors look back five hundred years and

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

States Army, David Cloud: uncover a distinct pattern: Modern history moves in cycles, each one lasting about the length of a long human life, each composed of four eras—or "turnings"—that last about twenty years and that always arrive in the same order. In *The Fourth Turning*, the authors illustrate these cycles using a brilliant analysis of the post-World War II period. First comes a High, a period of confident expansion as a new order takes root after the old has been swept away. Next comes an Awakening, a time of spiritual exploration and rebellion against the now-established order. Then comes an Unraveling, an

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

States Army David Cloud increasingly troubled era in which individualism triumphs over crumbling institutions. Last comes a Crisis—the Fourth Turning—when society passes through a great and perilous gate in history. Together, the four turnings comprise history's seasonal rhythm of growth, maturation, entropy, and rebirth. The Fourth Turning offers bold predictions about how all of us can prepare, individually and collectively, for America's next rendezvous with destiny.

From one of America's preeminent national security journalists, an explosive, news-

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

breaking account of Donald Trump's collision with the American national security establishment, and with the world It is a simple fact that no president in American history brought less foreign policy experience to the White House than Donald J. Trump. The real estate developer from Queens promised to bring his brash, zero-sum swagger to bear to cut through America's most complex national security issues, and he did. If the cost of his "America First" agenda was bulldozing the edifice of foreign alliances that had been carefully tended by every president from Truman to Obama, then so be

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

States Army David Cloud
it. It was clear from the first that Trump's inclinations were radically more blunt force than his predecessors'. When briefed by the Pentagon on Iran and the Strait of Hormuz, he exclaimed, "The next time Iran sends its boats into the Strait: blow them out of the water! Let's get Mad Dog on this." When told that the capital of South Korea, Seoul, was so close to the North Korean border that millions of people would likely die in the first hours of any all-out war, Trump had a bold response, "They have to move." The officials in the Oval Office weren't sure if he was joking. He raised his voice. "They

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

States Army! " Very quickly, it became clear to a number of people at the highest levels of government that their gravest mission was to protect America from Donald Trump. Trump and His Generals is Peter Bergen's riveting account of what happened when the unstoppable force of President Trump met the immovable object of America's national security establishment--the CIA, the State Department, and, above all, the Pentagon. If there is a real "deep state" in DC, it is not the FBI so much as the national security community, with its deep-rooted culture and hierarchy. The men Trump selected for his key national

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

States Army positions, Jim Mattis, John Kelly, and H. R. McMaster, were products of that culture: Trump wanted generals, and he got them. Three years later, they would be gone, and the guardrails were off. From Iraq and Afghanistan to Syria and Iran, from Russia and China to North Korea and Islamist terrorism, Trump and His Generals is a brilliant reckoning with an American ship of state navigating a roiling sea of threats without a well-functioning rudder. Lucid and gripping, it brings urgently needed clarity to issues that affect the fate of us all. But clarity, unfortunately, is not the same thing

1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their

Access Free The Fourth Star Four Generals And Epic Struggle For Future Of United

livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. The Four Winds is a rich, sweeping novel that stunningly brings to life the Great
