The greatest and most courageous scholars have devoted their lives to the pursuit of an explanation for the virtually inherent animosity most white people appear to have toward people of color / Unlike her predecessors, Dr. Frances cress welsing, a brilliant, Washington, DC psychiatrist has rejected conventional notions about the origin and perpetuation of racism .

A collection of 25 essays examining the neuroses of white supremacy.

In the wake of its "Caliphate" declaration in 2014, the self-described Islamic State has been the focus of countless academic papers, government studies, media commentaries and documentaries. Despite all this attention, persistent myths continue to shape--and misdirect--public understanding and strategic policy decisions. A significant factor in this trend has been a strong disinclination to engage critically with Islamic State's speeches and writings--as if doing so reflects empathy with the movement's goals or, even more absurdly, may itself lead to radicalisation. Going beyond the descriptive and the sensationalist, this volume presents and analyses a series of milestone Islamic State primary source materials. Scholar-practitioners with field experience in confronting the movement explore and contextualise its approach to warfare, propaganda and governance, examining the factors behind its dramatic evolution from failed proto-state in 2010 to standard-bearer of global jihadism in 2014, to

besieged insurgency in 2018. The ISIS Reader will help anyone--students and journalists, military personnel, civil servants and inquisitive observers--to better understand not only the evolution of Islamic State and the dynamics of asymmetric warfare, but the importance of primary sources in doing so.

Worship of the Egyptian goddess Isis dates as far back as 2500 B.C. and extended at least until the fifth century A.D. throughout the Roman world. The importance of her cult is attested to in Apuleius's Golden Ass, and evidence of its influence has been found in places as far apart as Afghanistan and Portugal, the Black Sea and northern England. The first study to document the extent and complexity of the cult's influence on Graeco-Roman and early Christian culture, R. E. Witt's acclaimed Isis in the Ancient World is now available in paperback.

The Compensatory Code is a term that means the sum total of everything that is thought, said, or done by one individual Non-White person, who is a Victim of Racism [Victim of White Supremacy] that is effective in helping to eliminate Racism (White Supremacy), and/or in helping to "make up" for the lack of justice and correctness.
