Botox. Plastic surgery. Make-up. Women sometimes go to desperate lengths to distort, mold, and fashion their bodies into that of the "ideal" woman. They live with the reality of the body, from its reproductive implications to the pressures from the media to look a certain way. They are intimately connected to their bodies, but often find it difficult to link their experience of the female body with their desire for Christian spirituality. Lillian Barger presents Eve's Revenge to help women see how their understanding of their bodies impacts spirituality. Not a self-help book, it describes the tension women experience between their bodies and their desire for a spiritual life. Barger suggests the possibility of viewing women as unified, not split, between body and soul. This model, offered through the life and work of Jesus Christ, provides insight into how Christian women ought to live in the world and in their own skin. Christian women struggling with a body/soul tension and those interested in the social and spiritual meaning of the female body will find this engaging book enlightening and helpful.

Laura's desire for total subjugation runs deep, and when she meets Master Bernard, she believes she's found the man she's always dreamed of and slave life she desires. The two marry and begin their life together in a luxurious house that's discreetly located on 50 private acres, behind a high surrounding wall. Though they experience the usual up and downs of a new marriage, Laura settles in well to her unique lifestyle as her husband's slave. However, toward the end of the second year, a decision is made to fit her with a full range of purpose-designed bondage jewellery and custom-made restraints. Though excited to see her bondage fantasies fully realized, she has no clue that nearly all of the elaborate decorations her master orders cannot be removed! With specific plans in mind, Master Bernard takes Laura's transformation slowly: a physical exam, dental impressions, repeated piercings, even surgery to remove her floating ribs in order to better accommodate the strict corsetry he envisions. The experience is deeply arousing, though it's troubling too. She's dreamed of such extremes since puberty, but she has no idea how far her master plans to take their mutual fantasy, until it's too late to change her mind. She's fitted with a collar, ankle and wrist cuffs, and bands around her arms and legs. More restraints and odd devices follow as her subjugation becomes more intense and more invasive. She can barely even move! Soon she's living in a locked cell far from her husband's bed, where every physical requirement is taken care of by the master's elaborate gadgetry, including her sexual release. As the weeks go by, she sees little of the man she married and far more of the governess he hired to attend to her physical needs. With so little outside stimulation and no access to the natural world her days and weeks just blend into one. And still, she has yet to learn the ultimate truth of her incarceration and her master's plan for his future and hers.
