Single Cask Rum Bottlings | The Scotch Malt Whisky Society ...

This bottle is limited to 2 per member. Any additional orders will be cancelled and refunded. Aromas reminiscent of rum combined cinnamon, nutmeg and nut oils with grass, straw and black cherries on a bed of coriander seeds and seasoned oak.

Whisky in a rum glass | SMWS

The Scotch Malt Whisky Society, or SMWS, is an independent bottler of single cask whisky and other spirits. For those unfamiliar with the term, an independent bottler is an entity that purchases spirit from third parties and bottles it under their own label. Individuals must pay an annual fee to join the SMWS, which grants members the ability to purchase society bottlings, invitation to exclusive tastings, and other perks.

Scotch Malt Whisky Society (SMWS) Bottle Codes Explained ...

Make room for rum 1. Pour 35ml of R8.4 Campfire in Nicaragua into your mixing glass 2. Add one bar spoon of maple syrup 3. Add splash of Fernet Branca 4. Stir the ingredients 5. Serve in a chilled Nick & Nora cocktail or martini glass 6. Garnish with orange zest 7. Enjoy!

Scotch Malt Whisky Society Distillery Codes The following table list all the Scotch Malt Whisky Society (SMWS) distillery codes that I am aware of. Please do reach out if you spot any mistakes, or have additions to the list.

SMWS codes - Whisky Sags

As I've said previously in SMWS reviews, I find if you don't live anywhere near a venue, then frankly the subscription isn't worth it now. There so many great (and importantly, accessible) indy bottlers out there now, what the SMWS once offered: single cask and non-chill filtered whiskies is no longer the unique selling point they once used to have a near monopoly on.

SMWS 16.47 The Steeplejack's Delight | Malt - Whisky Reviews

Not just for pirates, explore our range of single cask Rums and get all the information you could want on this exotic spirit. Explore Rum at SMWS today.

This is the story of how one man, with a bit of help from his friends, created a revolution in the hitherto staid world of Scotch Whisky. But by creating the Scotch Malt Whisky Society, he gave whisky drinkers access to the finest distilled liquor on the planet - and what's more, he had a great time doing it. The book is a collection of stories about Pip and his friends and how they brought Scotland's finest product to a waiting world. It begins in a small farm in Aberdeenshire and moves through high places (The World Trade Center) and low (a jungle dive in the South Seas), with the help of the famous and the obscure, the good, the bad and the mildly delinquent. There are high mountains and wild seas, and a trip (with whisky) to Communist eastern Europe in a vintage Lagonda.

The incredible array of Scotch available in a bar or liquor store can be overwhelming--but this comprehensive book is your crash course in Scotch whisky history, production, and appreciation. It covers the land, distilleries, and the different styles, with profiles of more than 200 easily findable bottles including everything from popular blends to coveted single malts. Plus, there's information on touring distilleries. Whether you're a whisky newbie, a die-hard fan, or simply curious, Scotch will be your go-to resource for finding a great dram. The whiskies profiled include: Aberfeldy * anCnoc * Balvenie * Big Peat * Chivas Regal * Dewar's * Douglas Laing * Edradour * GlenAllachie * Glenfiddich * Isle of Arran * J&B * Johnnie Walker * Kilkerran * Lagavulin * Old Pulteney * Royal Lochnagar * Timorous Beastie * Usqueabach * Wemyss Malts

Since the publication of the first edition in 2014, the whisky industry has continued to change. This book provides the reader with an overview of the latest academic research and industry best practice in an accessible and authoritative format. Despite the recession, new distillation capacity has been added at a record pace and new consumers in new markets have entered the arena. Distillers are experimenting with new finishes, packaging and marketing techniques and amongst consumers there is a hunger for knowledge and informed commentary. An entirely new chapter discussing the management and utilization of co-products and recent developments in areas such as anaerobic digestion is included along with revisions and updates to most chapters. Written by acknowledged and experienced authorities of the subject, this book provides an up to date treatment of this fast developing area. Aimed at the popular market, it provides a leading text for students of distilling, industry practitioners, new craft distillers and whisky enthusiasts. Review of the 1st Edition 'The authors have clearly put much effort into this book... I enjoyed the book almost as much as I enjoy whisky. Fascinating stuff from cover to cover.' Ian W. Davies, Chromatographia, 2014, 77, 1733-1734 'Sometimes, you come across a book that's so comprehensive that it's worth shouting about....a fascinating book that can be engaged with on numerous levels, even if you aren't a student of distilling. Pop it on the shelf and consult it from time to time over the coming years. This might be the only whisky book you'll ever need.' http://malt-review.com/2014/08/01/book-review-the-science-and-commerce-of-whisky/

?This book is inspired by the recent popularity of rum among cocktail circles, and by the advent of so many new rum craft distilleries in North America. Included is: the story of rum and how it is made, the ingredients, equipment, and processes used to make rum; the lubricious effects of barrel aging, and the various ways that it is done. And, a step-by-step description on how to make a 155-gallon batch of rum mash and how to distill and age it-including a recipe.

Learn how to appreciate whisky like a connoisseur. Learn how distillation, chemistry and aging contribute to the final product. With science as the grounding, educating the palate via taste and smell provides further enjoyment. A Master Whisky course primer.

Un outil de sélection incontournable Une première approche pour les néophytes et une exploration accompagnée pour les connaisseurs. Une sélection de 400 rhums dégustés, notés (0 à 3 étoiles), commentés, 60 coups de cœurs attribués aux rhums les plus remarquables. 130 marques et distilleries classées par pays : histoire, méthode de distillation, informations pratiques. Des conseils pour bien reconnaître et choisir les rhums. Repérer les circuits d'achat et les modes de consommation : les points de vente (boutiques) et les sites marchands sur internet.

A fascinating journey through Scotland's famous distilleries with legendary author Iain Banks No true Scotsman can resist the allure of the nation's whisky distilleries. In an absorbing voyage as interesting to non-drinkers as to true whisky connoisseurs, sci-fi and literary author Iain Banks explores the rich heritage of Scottish whisky, from the largest and most famous distilleries to the smallest, most obscure operations. Whisky is more than a drink: it's a culture, a binder that joins together people, places and products far across Scotland's rugged terrain. Switching from cars to ferries to bicycles, Banks crisscrosses his homeland, weaving an engrossing narrative from the strange people, fascinating traditions, and downright bizarre places he encounters on his journey down Scotland's great golden road.

From the world-renowned sommelier Aldo Sohm, a dynamic, essential wine guide for a new generation NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY FOOD52 Aldo Sohm is one of the most respected and widely lauded sommeliers in the world. He's worked with celebrated chef Eric Ripert as wine director of three-Michelin-starred Le Bernardin for over a decade, yet his philosophy and approach to wine is much more casual. Aldo's debut book, Wine Simple, is full of confidence-building infographics and illustrations, an unbeatable depth of knowledge, effusive encouragement, and, most important, strong opinions on wine so you can learn to form your own. Imbued with Aldo's insatiable passion and eagerness to teach others, Wine Simple is accessible, deeply educational, and lively and fun, both in voice and visuals. This essential guide begins with the fundamentals of wine in easy-to-absorb bits of information and pragmatic, everyday tips-key varietals and winemaking regions, how to taste, when to save and when to splurge, and how to set up a wine tasting at home. Aldo then teaches you how to take your wine knowledge to the next level and evolve your palate, including techniques on building a "flavor library," a cheat sheet to good (and great) vintages (and why you shouldn't put everything on the line for them), tips on troubleshooting tricky wines (corked? mousy?), and, for the daring, even how to saber a bottle of champagne. This visual, user-friendly approach will inspire readers to have the confidence, curiosity, and enthusiasm to taste smarter, drink boldly, and dive headfirst fearlessly into the exciting world of wine.
