introduced to some new characters as well. At first, I was hesistant about giving this book five stars because some parts were dragged out.

Seventeen year old Jade

Sommers' life is turned upside down the moment she sees the inch long cut across her face heal right before her eyes. Jade thinks she is going insane, but her boyfriend, Aiden Scott, knows better. He knows what she is. And like him, she was born this way. Now if finding out that people like her shouldn't exist isn't bad enough, Jade's best friend is kidnapped by the psycho who terrorises her dreams. With the help of Aiden, Jade has to figure out how to save her before it's too late. But what Jade doesn't know is not everything is what it seems. She is merely a puppet in a

sadistic game to find out what she is truly capable of, and that game has only just begun. free, freebie, Young Adult, Young Adult Sci-Fi, Young Adult Fantasy, Young Adult Romance, Urban Fantasy

"Normal" is something I could only dream of being called. "Mental" or "screwed up" is what I'm labeled. But actually feeling other people's pain does that to a girl. I'm not an empath. I'm crazy! That is until I meet one guy who makes it all go away. Problem is, he's even crazier than me. At least I thought that in the beginning before the

coincidences became undeniable. But, if what he was saying were true, he would not only become my savior, he would also open my eyes to a world filled with angels, demons, witches, and an ancient curse that I'm caught smack bang in the middle of. Either way, I already knew he'd be the death of me.

I thought I had it all: twin sister, cute boyfriend, and magic beyond my years. Night Shade Academy should've been easy for me, but nothing could prepare me for the moment when I'm kicked out of my birthright House and placed with the evil witches

known as the Darks--despite being born a Light. Now, I'm stuck with a bunch of evil witches who compete in this crazy tradition where they pit the first years against each other, fighting for their place in the hierarchy at the Academy. The only rule, try not to die. Oh, and did I mention it's not just witches we have to contend with? There's also Vampires and Lycans, as well. Thanks to the help of a gorgeous Dark that I find myself a little too attracted to, I'm able to keep my ass-whoopings to a minimum, until someone pushes me too far, and I find out exactly why my

climax in the third book of the bestselling Royals Saga.

They said the demons would go after everyone we loved and cared about. They said I was theirs to command. They said I was one of them. What they didn't say was what would happen to me during my awakening. Nor did they tell me the whole truth about what I am. Someone is keeping a secret, one that will change the world. And while I'm off trying to save my family, others are slithering behind the shadows, waiting until the time when they can unleash their attack on me and damn our world forever. But if

they think they're going to win, they don't know me very well. There isn't a thing I wouldn't do to protect those I love--even if I may die trying.

In order to defeat a monster, one must become a monster. Vampires live amongst us, feeding off the innocent and succumbing to the demons controlling their desires. I tried to pretend they didn't exist-until the government kidnapped my brother because he holds the genetic making for the cure to eradicate the vampire disease from the world. Or so they claim. I know their true motives, and there's no way I'm going to let them keep him without a fight. Unfortunately, there's only one way I can become strong enough to go up against them. Become a vampire

Now, infiltrating the hunter world, I'm surrounded by those who want to kill me and only a few who want to save me. But I'll do whatever it takes to save my little brother. Even become the monster I vowed to kill.
