Todd Lincoln's insanity trial. The book that results from these letters and documents addresses several areas of controversy in the life of the widow of Abraham Lincoln: the extent of her illness, the fairness of her trial, and the motives of those who had her committed for treatment. Related issues include the status

of women under the law as well as the legal and medical treatment of insanity. Speculating on the reasons for her mental condition, the authors note that Mrs. Lincoln suffered an extraordinary amount of tragedy in a relatively few years. Three of her four sons died very young, and Abraham Lincoln was

assassinated. After the death of her son Willie she maintained a darkly rigorous mourning for nearly three years, prompting the president to warn her that excessive woe might force him to send her to "that large white house on the hill yonder," the government hospital for the insane. Politi dramatically recounts the sexual scandals that have rocked the church and the accusations of money laundering and other financial misdeeds swirling around the Vatican and the Italian Catholic establishment, and how Pope Francis's attempts to address

The lyrically told story of one of the world's greatest artists finding his true calling Though Vincent van Gogh is one of the most popular painters of all time, we know very little about a ten-month period in the painter's youth when he and his brother, Theo, broke off all contact. In

The Season of

Migration, Nellie

Hermann conjures this period in a profoundly imaginative, original, and heartbreaking vision of Van Gogh's early years, before he became the artist we know today. In December 1878, Vincent van Gogh arrives in the coal-mining village of Petit Wasmes in the Borinage
