examines the political and cultural landscape of the putatively primal continent since the advent of the post-colonial era. It is a scholarly but non-academic critique, thus rendering its contents readily accessible to the general reader. In the final analysis, Okoampa-Ahoofe concludes that there is an urgent need for altruistic and constructive leadership on the continent, in order to promptly lift Africa out of the raging morass of abject materialism and crass corruption in official circles.

as a second-class citizen."--Back cover.

This book, Questions & Answers for Senior Secondary School Certificate Examination PassTrack Series, contains over 500 business management questions administered by the WAEC. It is structured to follow past standard questions used to test the Senior Secondary School students. Some of the questions are actual past examination questions whilst others are standard mock questions that can be examined at this basic level of business management education. The questions cover all key topics of business management outlined in the WASSCE syllabus. The book is written with students in mind to reinforce the key concepts of business management. A word of caution! Students are not expected to study only the Questions & Answers and expect to get excellent results. It is hoped that students will use this Q&A book alongside with Volumes I, II and III of the Business Management for SSSCE PassTrack Series for excellent results.

Early in the twenty-first century, a quiet revolution occurred. For the first time, the major developed economies began to invest more in intangible assets, like design, branding, and software, than in tangible assets, like machinery, buildings, and computers. For all sorts of businesses, the ability to deploy assets that one can neither see nor touch is increasingly the main source of long-term success. But this is not just a familiar story of the so-called new economy. *Capitalism without Capital* shows that the growing importance of intangible assets has also played a role in some of the larger economic changes of the past decade, including the growth in economic inequality and the stagnation of productivity. Jonathan Haskel and Stian Westlake explore the unusual economic characteristics of intangible investment and discuss how an economy rich in intangibles is fundamentally different from one based on tangibles. *Capitalism without Capital* concludes by outlining how managers, investors, and policymakers can exploit the
