William Hogarth was born in 1697, a time of social and moral depravity. At the turn of the 18th century, however, London began to bloom creatively and William Hogarth was at the heart of it. Born into a poor, middle-class family, Hogarth started work as an apprentice of Ellis Gamble, a plate engraver, at the age of 16.

subjects". Knowledge of his work is so pervasive that satirical political illustrations in this style are often referred to as "Hogarthian". Hogarth was far and away the most important British artist of his generation. He was equally outstanding as a painter and engraver and by the force of his aggressive personality as well as by the quality and originality of his work he freed British art from its domination by foreign artists. Because so much of his work has a 'literary' element, his qualities as a painter have often been overlooked, but his more informal pictures in particular show
