Professional Negligence Litigation in Practice has been specifically written to provide students with a detailed introduction to the complex legal issues surrounding professional negligence disputes. Concentrating on two specific areas of professional negligence; clinical negligence and solicitors' negligence, this manual examines and provides practical guidance on how such a case might be most effectively prepared and presented. Split into five distinct parts; the first part of the manual covers selected areas of the substantive

law as it relates to professional negligence cases, building on students' existing knowledge of the Civil Procedural Rules and examining the pre-action protocols and the role of the case management conference. Part III reflects the pragmatic approach adopted by the manual, and has been specifically designed to develop students' drafting skills to the advanced level required in professional negligence cases. The final part of the manual focuses on providing students with an introduction to the key people and bodies whom they will commonly encounter in this area of practice. It also provides consideration of the availability and impact of funding arrangements on professional negligence cases and alternative dispute resolution. This manual will be an invaluable guide for students wishing to practice in civil common law chambers, particularly in the areas of professional negligence or personal injury.

Nearing the end of a distinguished literary career that spanned nearly fifty years, Langston Hughes took on the daunting task of writing the official history of the national Association for the Advancement of Colored People (NAACP). Beginning with the social, political, and economic contexts that led to the founding of the NAACP in 1909 and ending with a summary of its targeted goals for 1963, Hughes attempted to write a history that would be comprehensive in scope and singular

in its purpose of highlighting the ways in which the Association had a direct and positive influence on racial justice in the United States. Focusing on the individuals who had the greatest impact on the NAACP and the issues with which the organization was most concerned in its first fifty years of existence, Hughes produced the widely acclaimed *Fight for Freedom*, striking an exceptional balance between biography and cultural history. Long before the publication of *Fight for Freedom*, Hughes had begun writing nonfictional prose about these same issues as a regular columnist and essayist for the nation's most influential African American publications, including the *Chicago Defender* and *Crisis*. A selection of these popular columns and other essays—which reveal the extent to which Hughes's unique, varied, and sometimes Blues-tinged narrative voice shifted in tone over the course of his extensive career—is included in this volume. Hughes intersperses historical facts with compelling anecdotes that often frame subtly ironic commentaries on various themes. The result is history that provides a lens through which to view Hughes's attitudes in the early 1960s toward the ways the NAACP addressed the vital social, cultural, political, and economic issues central to its agenda. *Fight for Freedom and Other Writings on Civil Rights* makes a unique contribution to the oeuvre of an African American writer whose full significance to American literature, history, and culture will

continue to be defined well into the twenty-first century.

The poor economy has forced Dallin to return to prostitution to avoid homelessness, but when his old pimp hooks him up with a wealthy Dom, Dallin figures it's too good to be true. William is older, wealthy, experienced, and a complete dominant. He's the sort of man who can go to a club and pick up a dozen subs, and yet he wants to hire Dallin. William knows how to succeed in finance and the bedroom, but trying to keep a relationship going is a far more difficult proposition. Instead of dealing with the messy reality of the club scene or dating, he decides to hire a sub. While William would like to have a long-term relationship develop, he's not expecting anything. However the longer he plays with Dallin, the more he realizes that he wants more. Dallin is willing to give his body to William--he enjoys the bondage, the games, and ropes and toys. He's more wary about trusting William with his heart. William is a master of domination, but for Dallin he wants to learn to love.
