"Yakshi" is the iconic story of my childhood - but I must confess it is not the novel by Malayattoor Ramakrishnan, but the classic film noir based on it directed by the inimitable K. S. Sethumadhavan that fired up my imagination. I had not read the book until now, and I expected to be underwhelmed. I was pleasantly surprised. The book has every right to enjoy the cult status it does.

What do you call a feminist who is a mother? A femimom? A momminist? Or just a confused woman balancing many roles in her life: working professional, mother, wife, daughter... Meet Tara Mistri, stay-at-home mom and frustrated architect—a baker of biscuits and maker of bricks. Inspired by and in total awe of the Salk Institute in California, Tara hankers to replicate its clean lines and perfect symmetry in her own life. But, with two small children to look after, her set squares and scales are used for scraping plasticine out of the carpet and her career looks like it may remain on the backburner forever. Then, one day, she is offered a job and finds herself on the horns of a dilemma. Goaded by her own personal demon—a nagging Yakshi who just won't leave her alone—Tara's struggle to balance life and love, work and playdough will have readers nodding in recognition, wincing in sympathy and laughing along with her.

This book analyses how multiple and hybrid 'modernities' have been shaped in colonial and postcolonial India from the lens of sociology and anthropology, literature, media and cultural studies, law and political economy. It discusses the ideas that shaped these modernities as well as the lived experience and practice of these modernities. The two broad foci in this book are: (a) The dynamism of modern institutions in India, delineating the specific ways in which ideas of modernity have come to define these institutions and how institutional innovations

have shaped modernities; and (b) perspectives on everyday practices of modernities and the cultural constituents of being modern. This book provides an enriching read by bringing together original papers from diverse disciplines and from renowned as well as upcoming scholars.

Aaram Viral, a novel [Malayatoor] published three years before his death in 1997, has now found a good English translation. *The Sixth Finger*, portraying 1970s-80s south India, reads all the more relevant today, when the country has its burgeoning babas effectively competing with Hindu gods in number.

"The Third Yuga is slowly drawing to a close. Nam – the greatest Empire on Janani – is going to face some fierce winds of change. Seers foresee omens of death and destruction in the return of the Banished One – A God who will claim the ashes of this world as revenge. While out in the streets, rumours abound - of older forgotten powers stirring. Caught in this maelstrom of a power struggle between Gods are three ordinary lives: General Fateh, the most celebrated soldier in Nam who starts to question his faith, Ishan – a gifted orphan who struggles to comprehend his destiny and Abhaya – a young monk in search of truths about this world. Their choices and actions will shape the destiny of this scarred world that becomes the playground for vindictive Gods. In a world where Rakshasas arise out of left-over traces of Maaya and twilight forms the portal to countless worlds around us for Daityas and Yakshis to dance through, a God is only as powerful as those who
